

### **Places to stay:**

Anyone who is looking for a place to stay over the weekend of the seminar should check out the following web pages:

The first web page to visit should be the Hotel-Reservation-Service ([www.hrs.de](http://www.hrs.de)). On this page, you can even book your hotel room online. Just type „Aachen“ as your destination and check out the offered hotels. You'll find all the information you need and a small map where to find the hotel.

Another possibility to book a hotel online is [www.aachen.de](http://www.aachen.de). This page also offers some hotels that aren't covered by the hrs-page.

[www.tourist-aachen.de](http://www.tourist-aachen.de) not only allows you to check out the hotels of Aachen (click „Hotels-Unterkünfte“) but moreover gives you information about where to rent a room from private renters which is a lot cheaper than hotel rooms.
